Guide: How to become a SARB Supplier

Should you be interested in becoming a supplier to SARB:

Step 1: Click on the link: 'register your company profile'

<https://www.resbank.co.za/procurement> (on-line form still to be developed in the near future)

1. Print out the PDF form
2. Complete all the information requested
3. Attach a brief company profile outlining your offering

Step 2: Save and email the completed form

The supplier information will then be channelled through to the appropriate sourcing consultant who will assess your request and if there are suitable opportunities, will provide you with the necessary information to register as a supplier.

If you do not receive a response within 72 hours, it implies that there are no suitable opportunities but your details will be saved for future assessment.

*Disclaimer Notice: All requests shall be assessed against SARB's Supplier registration procedure, hence completing the Supplier Introductory Profile Form does not constitute automatic registration. **SARB reserves the right to reject applications based on our internal assessment criteria.***
